# CORPORATE/TEAM CHALLENGE

## About the 360°Experience

The Corporate/Team Challenge is open to groups and corporate teams as part of the 360°Experience. This interactive event empowers teams to drive real change in their communities.

Join 360°kids for a transformative 7-hour experience at the Community Safety Village, where teams of 10 fundraise and engage in immersive challenges. Strengthen bonds, create lasting memories, and gain a deeper understanding of youth homelessness and the vital support 360°kids offers.

The 360°Experience sheds light on the harsh realities faced by vulnerable youth, providing powerful insight into life without a stable home.
